

Career Transition Workshops

Overview

In addition to our Executive and Individual Outplacement/Career Transition programs, ClearRock offers Career Transition Workshops on a monthly basis for released employees who may not be offered an individual program. The workshop integrates skills/strengths clarification, resume writing, self-marketing strategies, interviewing/negotiating skills, and an overview of the current competitive job market. Employees ranging from administrative to mid-level professionals benefit from the knowledge, skills, and practice session offered in these two days. An interactive design with a maximum of 12 people allows each participant to focus on their needs and interests, while an expert career transition consultant provides feedback and support. ClearRock's Career Transition Workshop offers the following:

Employer Benefits

- Protect employee morale, and recruiting efforts
- Investment in employment brand
- Minimize litigation, and redirect focus toward moving forward
- Contain unemployment costs
- Goodwill towards departing employees

Employee Benefits

- Learn the latest job search techniques and strategies to gain a competitive edge in the job market
- Clarify key skills/strengths, values, and perfect the "elevator speech"
- Develop a concise and compelling resume
- Leverage LinkedIn and engage your network for maximum impact
- Practice interviewing and negotiating skills
- Individuals leveraging career transition support land on average 50% faster than the national average

**ClearRock's Career Transition Workshops are offered
